

eXcelKID / Kid's College - FOR STUDENTS

Kid's College Offers The Best of Both Worlds: FUN and LEARNING!

- A remediation and acceleration tool accessible online 24/7, from school or home
- Skills practice at their own pace, in privacy. (No risking embarrassment by raising hands in front of the class!)
- Educational hints help students learn the skills they've not yet mastered.
- Six exciting sports games as a reward for learning:
 1. Football
 2. Baseball
 3. Soccer
 4. Volleyball
 5. Basketball
 6. Snowboarding
- Friendly competition in the Kid's College High Score Contest challenges students to practice more questions and achieve the highest score in their favorite sports game

eXcelKID / Kid's College - FOR PARENTS

Kid's College Offers a Fun, Engaging Way to Support Learning:

- Emailed parent reports identify your child's skill gaps and keep you up-to-date on his/her academic progress.
- Your child can access Kid's College online 24/7 anywhere there's an Internet connection – for in-school and after-school skills practice.
- Every child loves sports and video games! Kid's College sports games motivate your child to practice Math and Reading/Language Arts skills.
- Position Kid's College as a reward/positive reinforcement for good behavior at home or in school.
- Work together on supplemental workbooks customized for your child's needs.

eXcelKID / Kid's College - FOR TEACHERS

Kid's College offers an Automated Solution for Effective, Targeted, and Engaging Instruction through:

- STRIDE™ Adaptive Technology which automatically adjusts curriculum to each student's needs
- State standards-aligned assessments and skills practice.
- Weekly skills gap identifier reports
- Supplemental, customized workbooks designed for each individual student
- An easy-to-use Classroom Management System for managing class and student info, assessments, curriculum, and reporting
- Student engagement like you haven't seen before, using interactive sports games and friendly competition among peers!

eXcelKID / Kid's College - FOR ADMINISTRATORS

Kid's College offers a Roadmap for School Improvement through:

- Assessments and skills practice aligned to your state standards.
- Targeted instruction delivered by STRIDE™ Adaptive Technology
- Accountability: Multi-level reporting of district, school, and grade-specific skills gaps and mastery or non-mastery of those skills
- Aggregated data automatically emailed on a schedule set by you and access to the online Executive Reporting Warehouse
- An easy-to-use Classroom Management System for managing classes, assessments, curriculum and reporting
- A tried-and-true approach to engaging even the hardest-to-reach students and improving standardized test scores to meet Adequate Yearly Progress.
- Easy implementation and access: Kid's College is available online 24/7.
